MUHTARAM

Assalaamu Alaikum

We have examined the annual financial statements set out on pages 2 to 4. These financial statements are the responsibility of the Executive Committee. Our responsibility is to report on these financial statements.

Scope

We conducted our audit in accordance with South African Auditing Standards. These standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement. An audit includes:

- examining, on a test basis, evidence supporting the amounts and disclosures included in the financial statements,
- assessing the accounting principles used and the significant estimates made by management, and
- evaluating the appropriateness of the overall financial statement presentation.

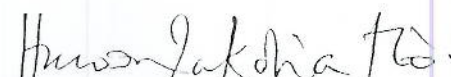

We consider that our audit procedures were appropriate in the circumstance to express our opinion presented below.

Qualification

In common with similar organisations, it is not feasible for the Organisation to institute accounting controls over income and cash expenses prior to the initial entry of income in the accounting records. Accordingly, it was impracticable for us to extend our examination beyond the receipts and cash expenses actually recorded.

Audit Opinion

Except for the effects of any adjustments which might have been necessary had it been possible for us to extend our examination of income and cash expenses, in our opinion these financial statements fairly present the financial position of the Organisation at 28 February, 1997 and the results of its operations for the year then ended in conformity with generally accepted accounting practice.
